

Pavilion Rental

For Weddings & Events

Please check out the following information prior to contacting us.

Pavilion Booking Information for Weddings & Events

If you have visited Detroit Abloom, you know our 38'-wide pavilion, which abuts the pond, is a serene and uplifting space. Every season we rent the pavilion to couples tying the knot or for events.

We will accommodate, as far as possible, the requests of each booking. We do not allow any meat, fish, or eggs on the property because we are creating a Garden of Eden-type consciousness where we have compassion for all life. Milk products and alcohol are fine.

Pricing – We work with each booking to determine pricing. Weddings and Ceremonies start at \$250/hour. 30% down holds the date. Rehearsal time - \$50/hour. A security deposit may be required for large events/weddings. We expect you to leave the site in the same condition as when you got there. Since these events are very special, we spend a good deal of time to make sure the setting is clean and auspicious.

What is also included with the pavilion:

- 
- Eight electrical outlets around the base of the pavilion
 - The water source at the nearby sink is potable.
 - Outdoor rustic women's bathroom, men's porta potty and wheelchair accessible porta-potty.
 - Two 16'-long wooden community tables and 6' and 4'-long tables available upon request.
 - Approximately 30 plastic chairs are mostly white and nonmatching.
 - Interior lights and two exterior floodlights.
 - Trash Barrels and liners.
 - Hand Washing station.
 - Our outdoor kitchen area and fire pit may be used upon request.
 - Plenty of street parking on either Manistique or Ashland. If you have a number of items to unload, you can enter the alley behind the pavilion from Scripps

Exit tosses must be a natural product that will easily decompose!

Other information – Because of cool breezes from the trees, the pavilion is typically around 10 degrees cooler than outside temperature. There may or may not be a few mosquitoes depending on the weather. Since our garden is always open to the public, you may see other visitors exploring the gardens. We are located in the middle of a residential neighborhood that is normally very quiet. We do not currently have a wi-fi connection at the farm.

If you are interested in florals such as bouquets, boutonnieres, corsages or table decor, please indicate this on the form. We also have a copper arch for rent.
